ELEVATING THE GARAGE DOOR

MEDALLION

WOOD DOORS

There's nothing like the warmth and beauty of a well-crafted wood carriage door – abundant with rich detailing and styling - to enhance your home's curb appeal. Your Medallion series door can be created to transform a totally unique idea into reality with uncompromising Artisan quality.

MEDALLION SERIES OFFERS FLEXIBILITY

Swing style, 16 lites, arch top, 2 V-Groove panels,

D Standard Hem-fir frame.

E Foam insulation contributes to a total calculated
frame R-value of 9.1..

F 1/4" Marine-grade Backer Plywood Panel

Features

- A Medallion door is our finest wood door delivering the elegance and beauty of a stained, real-wood door or a carefully crafted paint-grade door.
- Our stain-grade doors are available in our standard, select wood species that include Red Grandis, Sapele Mahogany, Spanish Cedar and Western Red Cedar.
- Custom wood species are easily accommodated depending upon your design and the availability of appropriate sizes. Just ask for the species of your choice.
- Need a custom-size door? No problem. A wood door is easily customized to fit any size opening.

Standard Construction Specifications

- Core frames are constructed using Hem-fir lumber and rails with a urethane insulated foam core. Mahogany Luan backer panels are pressure laminated for added strength.
- Frame overlay stiles and rails are coped and mechanically joined with hidden joinery for tight seams and are high-pressure bonded to the core frame.
- Artisan's proprietary lamination process allows the face frame and core frame attachment to eliminate exterior fastener filler marks.
- Simulated divided lites with both exterior and interior grilles have profiled edge milling for a rich, architectural look. True divided lites are also available.
- Standard glazing is double-strength clear glass.
- Bottom astragal is an EPDM rubber mounted in an aluminum retainer.

On the cover: The doors are Trifold style, arch top, 18 lites, 3 beaded panels,
Z-bucks.

2 panels, V-buck

Swing style, 16 mullioned lites, 4 raised panels

Swing style, 16 lites, arch top, 6 raised panel.
Heart tip decorative hardware.

FINISHING YOUR DOOR

Your Artisan door comes unfinished unless you purchase a factory-applied finishing upgrade option.

- Prime only - 2 coats of primer
- Artisan standard paint color - 2 coats of primer, 2 coats of finish paint color
- Custom paint color - 2 coats of primer, 2 coats custom of paint color
- EnduraFinish stain - 12 Artisan standard stain colors to choose from
- Sansin Enviro Stain*. For complete color selection go to sansin.com/color

Field Finishing

All field finishing must be done within 10 days of door delivery. All door sections must be finish sanded before applying paint or stain.

Field staining: Follow manufacturer's directions for applying the exterior grade stain product you have selected.

Field painting: Use a high-quality, exterior-grade latex paint product and follow the manufacturer's application instructions. Apply 2 coats of primer to all 6 sides of each door section. Apply 2 coats of your finish color. Dark paint colors with a light reflective value below 60 can create excessive solar heat gain and will void the product warranty. Doors must be completely finished prior to installation in order to maintain the warranty.

*Sansin Enviro Stain's nano technology process atomizes high quality pigments into tiny particles that combine with protective oils and rezins on a molecular level to create a vibrant and long lasting finish. Comes with a 3-year Factory Warranty. An added top coat during the first year extends the finish warranty to 7 years.

Endura® Finish Stain - For stain-grade doors only.

FINISHING TOUCHES & ACCESSORIES

Door Jambs

Matching wood species door jambs and casings are available to further enhance your garage door opening.

Door Stops & Seals

Door stops can be purchased to match the wood species, color, and finish of your door. Seals come in 4 colors to coordinate with your door and trim colors. Stops and seals provide for a tight weather-resistant seal around your door opening.

Decorative Hardware

Artisan decorative hardware is a great add-on accessory that will enhance the beauty and curb appeal of your door. Check on our website for more details about the selection of decorative hardware we offer.
