

PANORAMA DOOR SPECIFICATIONS

Construction Details

- 1 3/4" white mill-finished aluminum frame (thickness varies based on grille patterns)
- Standard finishes include clear anodized, baked on white, or medium bronze anodized
- Reinforced fins on each section of the garage side help stiffen door when it opens
- 3 3/8" bottom, top rails, and end stiles
- Open View model uses heavy 5 3/8" or 7 3/8" bottom and top rails

Window & Lite Options

- Classic model available with two, three, or four windows divided by mullions
- Open view model features three horizontal panels without mullions (visible seams)
- French door model features two large sections that can be three or four lites wide (invisible section break hides joints)

Standard Design Features

- Clear tempered glass in windows

Upgrade Options

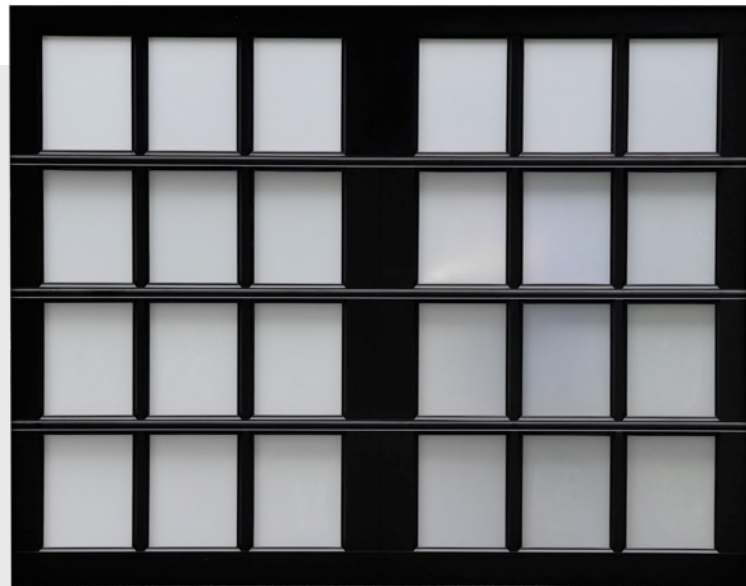

- Powder-coated aluminum frames available
- Polycarbonate glass available in a wide variety of colors including gray tint, bronze tint, obscure, gray light one-quarter, and white laminated
- Decorative glass also available
- Faux handles available for French door style
- Powder-coated tracks and track hardware available
- 20", 32", high lift, and vertical options available
- Door trim on outside jamb provides a seal

Finish Options

- Aluminum frame can be painted in a wide variety of colors, including metallics

Guaranteed Quality

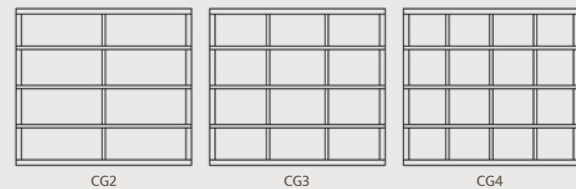

- Artisan offers a three year warranty on the hardware and a five year warranty on the sections

WHY CHOOSE GLASS GARAGE DOORS?

There are many reasons to purchase a glass garage door for your home. Because they let in so much light, you can add a workshop or home gym and use it all year long. Their strength and resilience also adds more security to your home to keep your family safe. And because they're resistant to decay, rotting, moisture, and insect damage, a glass garage door is a long-term investment that's worth every penny.

Uncompromising Artisan Quality. The Panorama series is handcrafted the Artisan way, so you can count on the best garage door available.

Light Transmission. Because the majority of the door is glass, Panorama offers excellent light transmission into your garage.

Standard and Custom Sizes Available. Specify your door size to fit new construction or your remodeling needs. Single and double doors are available to fit any home.

Substantial & Strong. The Panorama series combines strong tempered glass with a sturdy white mill-finished aluminum frame.

Elegant Window Styles. Choose from windows and lites in a variety of configurations to completely customize the look of your Panorama garage door.

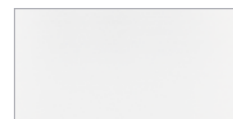

Modern Design. The sophisticated, contemporary look of the Panorama series will boost your home's curb appeal and grab everyone's attention.

Finish Options

Clear Anodized

Baked On White

Medium Bronze Anodized

BEST HOMES FOR PANORAMA GARAGE DOORS

The Panorama series is perfect for modern, contemporary style homes. It's also an eclectic addition to more traditional residences like farmhouses. And because it's weather durable, the Panorama series does well in most geographic areas.

MAINTAINING YOUR PANORAMA GARAGE DOOR

Along with being beautiful and stylish, Panorama garage doors are also easy to clean. Simply polish them with glass cleaner and a towel like you would any window. There are no special products or cleaning methods required.
