PHILOSOPHY OF DOOR MAKING

At Artisan Custom Doorworks, we stand apart by not just manufacturing doors, but crafting portals to beauty and functionality. Each door is a singular masterpiece, designed and created with meticulous attention to detail and a profound respect for the craft. Our philosophy centers on the art of creating one-of-a-kind pieces that enhance the aesthetic and utility of any space.

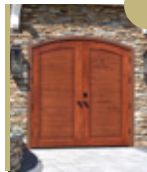

MANUFACTURING TECHNIQUES

We employ a combination of high-tech CNC machining and traditional woodworking techniques to achieve precision and quality unmatched in the industry. Our doors feature:

- **Precision to the 20,000th of an inch** with CNC machining, ensuring exactness in every cut.
- **Mortise and tenon joints** for robust and enduring connections.
- **Handmade grills** and hardware that reflect bespoke craftsmanship.
- **Hardwood dowels** and detailed finishes that ensure durability and beauty.
- Integration of **routed elements with pre-hung jamb systems** for a seamless installation.

Doors

Artisan offers a variety of door levels to cater to different aesthetic tastes and functional requirements. From solid wood to exotic species and advanced insulation options, our doors are categorized into four distinct levels:

LEVEL 1 & 2

Made with Accoya Timber, ideal for those seeking classic charm with exceptional performance and stability.

LEVEL 3

Features exotic wood species for a touch of luxury and uniqueness.

LEVEL 4

Utilizes Tricoya, an economical engineered wood ideal for painted finishes, offering durability and cost-effective quality.
